GLEN FLORA

MINERAL SPRINGS,

WAUKEGAN, ILLINOIS.

WAUKEGAN AND ITS SURROUNDINGS.

Waukegan is the county seat of the county of Lake, so called because of its possessing 56 beautiful lakes within its boundaries. The city has between 7,000 and 8,000 inhabitants; is situated on a bluff overlooking Lake Michigan, on the western shore of that body of water. The town proper stands about one hundred feet above the lake, and, in point of attractiveness, as a Summer Resort, stands unrivaled in all the Western States. Its acknowledged beauty, fine drives, society, schools, picturesque scenery, ravines, brooks and general loveliness, as fashioned by Nature's own hand, aided by liberal outlays of money, combine to make it a place which will be sought for by the thousands of private families who yearly, more and more, seek the health-giving quiet and retirement of the country, in order to avoid the heat, dust and noise, of a busy metropolis.

Waukegan offers attractions far superior to, and more meritorious than hundreds of other points which, by systematic newspaper puffery and advertising, have become more or less celebrated and popular to the seeker after health and quiet enjoyment. The numerous mineral springs, for instance, have attracted thousands of people from our great commercial metropolis, Chicago.

Analysis of the Glen Flora Spring Water.

OFFICE OF JAS. V. Z. BLANEY & SON,
ANALYTICAL AND CONSULTING CHEMISTS,
CHICAGO, SEPT. 23, 1874.

R. H. PARKS, Esq., Waukegan, Ill.:

Dear Sir:—The following is the result of our analysis of a specimen of water from your Glen Flora Mineral Springs, submitted to us by you.

One U. Gallon of 231 cubic inches contained:

	Grains.
Chloride of sodium.....	.183
Sulphate of soda.....	1.832
Bicarbonate of soda.....	6.447
Bicarbonate of lime.....	15.568
Bicarbonate of magnesia.....	11.091
Bicarbonate of iron.....	.115
Alumina.....	.151
Silica.....	.907
Organic matter.....	.100
Sulphur, a trace.....
Total.....	36.414

The absence of Sulphate of Lime is noteworthy, as this substance is, by many, considered injurious to the system, if present, in any considerable quantity.

Yours respectfully,

JAS. V. Z. BLANEY & SON.

The Water Strongly Endorsed by Prominent Citizens.

The annexed certificate, voluntarily furnished by so many of the prominent citizens of Waukegan, shows clearly the regard in which the Glen Flora Water is held by those who are well situated to know whereof they speak:

WAUKEGAN, ILL., Feb. 1, 1875.

We, the undersigned, citizens of Waukegan, Illinois, having been close observers of the effects of the GLEN FLORA MINERAL WATER on ourselves and others, take great pleasure in recommending its use to the public.

We believe the discovery of these springs to be among the greatest blessings of the age. In all the health restoring qualities we regard them the equal of any Mineral Springs in the world. We are personally acquainted with a large number of the persons whose certificates and testimonials are presented, and can say that they are entitled to the greatest credit and respect. R. H. PARKS, Esq., Proprietor of the Glen Flora Mineral Springs:

My Dear Sir:—In common with our citizens generally, I have taken a lively interest in the discovery and rapidly increasing popularity of your Glen Flora Spring, and have for some months past been carefully watching its claim to the character of a remedial agent in disease; and now feel it but just to you to say, that I entertain sanguine hopes that the water of this Spring is destined to accomplish a large amount of good to invalids, especially in that wide range of derangements and morbid conditions growing out of a faulty or defective secretion on the part of those important organs in the animal economy, the liver and kidneys.

The essential characteristics of this water are those of a diuretic, mild aperient, alterative, and tonic, and its free use is daily more and more proving its efficacy by its marked effect upon the secretion of the kidneys in the elimination from the system through these important organs of such effete and injurious matter as urea, albumen, etc.; the former substance, when in excess and getting into the circulation, becoming a most fruitful cause of rheumatism, and the latter constituting the principal mischievous element in that formidable malady known as albuminuria, or Bright's disease; and I anticipate the water from your Spring is destined to work its way into popular fame and use, not only in the above diseases, but as a remedy for constipation, and the many inconveniences growing out of deranged liver, dyspepsia, etc.

As it is a well established physiological fact, that albumen exists in the urine in nearly all cases of scarlet fever, and is the source of many, if not most, of the troublesome sequelae to that upward and dangerous disease, it follows that the water from Glen Flora Spring is the best drink that children laboring under that disease can take; and as the thirst is intense, I have been in the habit of allowing it to be used *ad libitum*, and this I believe is also true of most of my medical brethren in our city and neighborhood during the recent epidemic of that disease, and have every reason to be satisfied with its effects.

Another good effect that seems to be realized from the use of this water is its vitalizing influence upon persons advanced in years—on old people, in whom as a rule all the vital functions have become torpid and inactive—it seeming to impart youthful vigor and elasticity in a marked degree.

Respectfully yours,
B. S. CORY, M. D.

The following are samples of some of the certificates which have been voluntarily tendered:

The case of Mr. Warner, as mentioned in his certificate below, is one of the most remarkable on record. The wonderful cure performed in this case should alone entitle the Glen Flora Water to rank among the most valuable mineral waters in the world.

WAUKEGAN, Feb. 2, 1875.

MR. R. H. PARKS:

Dear Sir:—For the past three years I have been severely afflicted with chronic rheumatism; at times have been obliged to use crutches. Two months ago I was induced to try the Glen Flora Water, and am pleased to say with wonderful results. I am now in better health than I have been for years. Have thrown away my crutches, and feel like a new man. Previous to using the water I was as helpless as a child. My knees, and in fact all the joints of the body, were swollen out of shape. I think my trouble arose from diseased kidneys, and cheerfully recommend Glen Flora Water to all those who are afflicted with rheumatism or any kidney troubles.

Yours truly,
S. S. WARNER.

Bright's Disease Cured.

R. H. PARKS, ESQ.:

WAUKEGAN, Jan. 27th, 1875.

Dear Sir:—For the last four years I have been afflicted with so severe, painful and continually increasing an affection of the kidneys and bladder, that for at least half that period I have been incapacitated for business, and in fact have latterly sought relief in vain from the best medical advisers. During the same period, I have visited the different Springs in Michigan and Wisconsin, and at last, confined to bed, and despairing of any alleviation from my sufferings, I heard of the Glen Flora Mineral Water. On the 11th of January I mustered up just strength enough to come to Waukegan by easy stages from Fort Wayne, Ind., where I reside, and now on the 26th, have gained weight at the rate of a pound a day, feel better than I have felt for many months, and have surprised all my friends who thought I had come here to die. I write this letter to you as I deem it a duty to make known the invaluable qualities of Glen Flora Water, that other sufferers may avail themselves likewise of its virtues.

THEO. F. CLARSON.

The case of Mr. Clarkson, as given in his own language above, is entitled to more than ordinary importance, from the fact that all the different medical men he has consulted pronounced his case to be Bright's disease in its worst and most aggravated form.

Sure Cure for Dyspepsia.

WAUKEGAN, Jan. 5, 1875.

MESSRS. PARKS.

Dear Sirs:—With pleasure I add my name to the list of sufferers relieved by the use of your invaluable Glen Flora Water, having been cured of dyspepsia which baffled all medical skill for the past twenty years. Hoping that it may reach every sufferer in the land, I am, very gratefully yours,

MRS. J. M. TRUESDELL.

Torpid Liver of Twenty Years' Standing Cured.

From W. R. Duncan, Breeder of Short-horn Cattle, Berkshire Hogs, and Oxford Down Sheep.
TOWANDA, McLEAN CO., ILL., March 18, 1875.

R. H. PARKS, ESQ.

Dear Sir:—For twenty years or more I have suffered from torpid liver; at such times digestion has been very imperfect, bowels sluggish and inactive, so much so that it often became necessary to use a cathartic or injection. I have used your Glen Flora Water for about two weeks, and have derived more benefit than from any other remedy I have ever tried, and I have consulted the most eminent physicians East, West and South. I feel better than I have before for years. I can take hold of the straw cutter and cut the feed alone, for all the animals in the barn, without feeling weakness or distress—something that I have not been able to do for years.

I find the water to be a powerful diuretic—its action on the kidneys is splendid.

I am sure you have made a valuable discovery. In this bilious climate of ours, in my opinion, a barrel of Glen Flora Water could be used to advantage as a restorer and preserver of health in every household.

Yours truly,
W. R. DUNCAN.**Pronounced the Best Mineral Water in the World.**

The following entirely voluntary testimonial is from the leading wholesale furniture dealer of Chicago, and is of the general character of scores of letters daily received:

CHICAGO, 9th Feb., 1875.

R. H. PARKS, ESQ.

Dear Sir:—I have for years had more faith in the healing qualities of Mineral Waters than in any medical treatment, and have been a liberal patron of most of our domestic Mineral Waters, as well as foreign, and always keep some of them in my house for family use. I have now been using the Glen Flora Mineral Water the past six weeks in my family, and from the first use of its beneficial effects seemed almost magical, and I believe it to be the best Mineral Water in the world for the diseases it is recommended to cure. I do not feel that I can do without it.

Truly yours,
WM. W. STRONG.

If you are an invalid, from any cause, don't hesitate a single day; write at once to the proprietors of the Springs and obtain a circular, giving full particulars, testimonials, &c.

THE CIRCULATION OF CHICAGO PAPERS.

TOTAL AMOUNT OF POSTAGE PAID AT THE CHICAGO POST OFFICE ON PAPERS
SENT TO ACTUAL SUBSCRIBERS, THROUGH THE MAIL, FOR THREE
MONTHS, ENDING MARCH 31, 1875.

NAME OF PAPER.	Weight.	Amt. Paid on Each Edition.	Total Paid by Each Paper.
TRIBUNE— On Daily and Tri-Weekly Editions...	25,501	\$510 02	
" On Weekly Edition.....	12,671	252 42	\$762 44

" " On Weekly Edition.....	122,821	2,456 42	3,172 50

The above are the official figures of Postmaster at Chicago, and can not be successfully disputed. It will be observed that the INTER-OCEAN pays more than three times the amount of postage paid by the TIMES; more than four times that paid by the TRIBUNE, more than seven times that paid by the JOURNAL, and \$830.24 more than is paid by the TIMES, TRIBUNE, JOURNAL, and POST AND MAIL combined.

The above Table refers only to the postage paid on papers sent to Regular Subscribers. It does not include the papers sent by Express, or those circulated by the News Companies; but it shows in an indisputable manner the wide circulation the INTER-OCEAN has attained.

THE DAILY INTER-OCEAN is delivered to City Subscribers
in any part of the City at 20 cts. per week, or \$10 per year.

The Office of the INTER-OCEAN is 119 Lake Street.

Read what Advertisers Say.

"Indispensable to Advertisers."

[From the National Publishing Co., Philadelphia.]
"We regard the lists of Co-operative Newspapers as indispensable to advertisers who wish to reach the people generally outside of the large cities."

"Printers' Ink; The Best Medicine."

[From John L. Brown & Sons, proprietors of Brown's Bronchial Troches, Boston.]
"We are satisfied that the Co-operative List of Newspapers is as good as, if not the best of, any system of advertising."

"Nothing Better for the Money."

[From Hall's Safe and Lock Co., Chicago.]
"We consider that our investments in them have brought us as good returns as any other advertising mediums we have ever tried. If not absolutely the best, we believe there is nothing better for general advertising, or brings better results for the money, than your lists."

"As Satisfactory as Any—No Exceptions."

[From Geo. P. Rowell & Co., General Advertising Agents, New York.]
"We have found them to give as good satisfaction to us as any other advertising medium. When we say this we mean exactly what we say, and make no exceptions."

And Pettengill Confirms It.

[From S. M. Pettengill & Co., General Advertising Agents, New York.]
"Our experience is that they give as good satisfaction to advertisers as any class of newspapers in the country for the amount paid."

ESTABLISHED IN 1855.

WESTERN FARM JOURNAL,

THE POPULAR FARM AND FIRESIDE WEEKLY.

The Largest Agricultural Paper Published in America.

THE MOST READING MATTER AND THE BEST QUALITY.

*The Best Advertising Medium.*Two editions of the WESTERN FARM JOURNAL are published simulta-
neously—one from Chicago, and one from Des Moines, Iowa.This affords advertisers an unsurpassed opportunity for reaching a very large
number of persons of the better class throughout the entire Northwest.The circulation of the JOURNAL is built upon the merits of the paper as a
standard periodical, and is excelled by that of no other publication of its class.The WESTERN FARM JOURNAL is now upon its twentieth year and volume,
with an increasing influence and thoroughly established reputation. It ranks
second to none in worth and popularity; has never missed an issue since the
first day of its establishment—twenty years since—and its publishers propose to
maintain its rank at the front of the Agricultural press.The flattering commendations from its many patrons show that investments
in its columns are profitable, and year after year an increased patronage has
been received from

FIRMS OF THE HIGHEST STANDING.

As is aptly said by one of its oldest and constant advertisers: "A paper
like the WESTERN FARM JOURNAL is read; it is not subscribed for by persons
who do not expect to peruse its columns. You might as well attempt to water
plants inside of a hot-house, by sprinkling the roof, as to educate the general
public by advertising in mediums that are not read."Pursuing a just and equitable policy, the publishers have established uniform
rates, such as to place its columns within the reach of all those whose business
require a liberal use of printer's ink, but who do not feel warranted in paying
exorbitant figures.Estimates upon advertisements of any desired space cheerfully furnished,
as also any other information desired. Specimen copies of the paper, with
circulars, etc., sent free upon request.

Author of "Ceeli's Tryst," etc. (Illustrated.) Price 10 cents.
An exceedingly well told story "of most absorbing interest,"
says the *Dundas Citizen*. "Well written and deeply interesting."
—*Sandwich Press*. "No other author possesses in a greater
degree the happy gift."—*Pall Mall Gazette, London, Eng.*
- No. 2. **The Wandering Heir**, by Charles Reade,
Author of "Griffith Gaunt," etc. (Illustrated.)
The famous author of "Griffith Gaunt" needs no introduction
to our readers. "Mr. Reade is one of the most vigorous of
modern writers of fiction."—*New York Observer*.
- No. 3. **The Golden Lion of Granpere**, by
Anthony Trollope. (Illustrated.)
An exquisite love story. "To our mind, Trollope has written
no better novel than this."—*N. Y. World*. "An interesting story
which will closely hold the reader's attention."—*Boston Bulletin*.
- No. 4. **The Blockade Runners**, by Jules Verne.
The Yellow Mask, by Wilkie Collins.
Both in one number. (Illustrated.) Price 10 cents.
Two stirring stories by well known masters. Jules Verne is
probably the most widely read of later French novelists, and
Wilkie Collins' name is a household word.
- No. 5. **Legend of Montrose**, by Sir Walter Scott,
author of Waverley Novels, etc. (Illustrated.) Price 10 cents.
The author's name is sufficient commendation of this book.
It is one of his best, and his writings have afforded delight
wherever the English language is spoken.
- No. 6. **The Treasure Hunters**, by Geo. M. Fenn,
author of "Ship Ahoy," etc. (Illustrated.)
A Search for the Mountain Mine. A thrilling story of adventure,
trial and triumph, in the "early days" of California life.
Pursuit by desperadoes; discovery of the mine; attacked by
Indians; the fight; the flight; return to the mine; home! A
splendid number; don't miss it.
- No. 7. **Tom Brown's School Days**, by Thomas
Hughes. (Illustrated.)
One of the very best and heartiest stories ever written, genial,
jolly, and as full of pleasantness as an egg is of meat. The read-
ing of it will make you a dozen years younger.
- No. 8. **Harry Heathcote of Gangoil**, by
Anthony Trollope. (Illustrated.) Price 10 cents.
A powerful story of Australian Bush-Life, its struggles, dan-
gers, adventures, and conflicts, with fire, human enemies, and
the peculiar dangers of the climate. "His stories improve with
time."—*N. Y. Sun*.
- Nos. 9 and 10. **The Law and the Lady**, by Wilkie
Collins. (2 illustrations.) Price 10 cents each.
The last and best work of this most popular author. "Wilkie
Collins has no living superior. In his own domain he stands
without a rival."—*New York Post*.

B. A. ULRICH,

Real Estate Dealer

AND LOAN BROKER,

87 DEARBORN STREET.

Business and Residence Property in all Parts of the City.

Large acre tracts suitable for investment, in vicinity of Chicago, principally South and South-West, and choice residence lots and suburban homes at Oakland, Kenwood, Hyde Park, South Park, Woodlawn, Englewood, Egan-dale and other suburban towns, and in the neighborhood of the South Parks and Boulevards, at prices ranging from \$2,000 to \$50,000, constantly on hand for customers.

A residence of ten years at Hyde Park, with my office in Chicago, has enabled me to become thoroughly acquainted with real estate in that vicinity, extending from city limits South to limits of Cook County. I can therefore make safe loans, and investments of money for speculative purposes in that section; or secure good property for those desiring pleasant homes in the suburbs South of Chicago.

Property bought and sold on commission. Taxes paid for non-residents. Large Loans negotiated.

VULCANIZED RUBBER

DATING, BANK AND BUSINESS

STAMPS

OF EVERY DESCRIPTION.

P. C. NORTON,

NOS. 81 AND 83 SOUTH CLARK STREET,

CHICAGO, ILLINOIS.

Manufactory, 117 Nassau St., New York.

We call the attention of Banks, Bankers, Insurance, and Business men generally to the
fast increasing popularity of our

Vulcanized Rubber Business, Dating and Hand Stamps,

their cheapness and durability, clearness of impressions, lightness and noiselessness.
Stamps of any design, size or shape, with or without fac similes of signatures, can be fur-
nished. Our goods are not made of composition—as many are that are sold for Rubber
Stamps—but of "Pure Vulcanized Rubber," and therefore will not gum, and can be easily
cleansed with soap and water. All orders by mail will receive prompt attention.
