

STREET AND AVENUE GUIDE.

EXPLANATORY.

The City comprises Three Grand Divisions, known as the North, South, and West Divisions. State street is the main artery to the South Division. North Clark street is the main artery to the North Division. Madison, Randolph and Lake streets are the main arteries to the West Division.

On any given street, the relative location of a particular place or house is got by running down the column of figures, which are its numbers at the several crossings of the streets that intersect it. For example, to find 44 State, it will be seen that 24 is on the corner of Lake and 62 on the corner of Randolph; hence, 44 is between these two streets. Where no numbers are given, the corners, and often the blocks, are vacant, or occupied by a house or manufactory not numbered.
