THE DORRANCE GRATE.

## THE DORRANCE FURNACE AND GRATE

**STRICTLY SMOKELESS.** Burning all grades of soft coal, with hardest firing, and natural draft. Adopted by the Rookery Building for all boilers (8) after one year's test, proving its superiority over other devices in all points, including durability; burning easily 46 pounds of coal to each square foot of grate per hour, developing 133 H. P. from 80 H. P. boilers, without trace of smoke, and with economy in fuel. The following other prominent buildings in the "Heart of Chicago" use DORRANCE GRATES in connection with another device, making no smoke, with economy of fuel and efficiency: Monadnock, Kearsarge, Ventian, Illinois Bank, Bay State, Boyleston, Caxton, Lowell, Portland, Dale, Industry.

## THE DORRANCE GRATE

is an indispensable factor to these results. It is essentially unlike and far superior to any other grate in all respects—economy in fuel, efficiency, durability and absence of objectionable smoke. It makes large saving over any other device in coal of any grade; makes slack equal to lump, of same quality, ton for ton, largely increases the duty of boilers when desired, and stands the hottest fire without injury. These are due to an adequate and evenly distributed air admission through the grate to the fire, thereby securing perfect combustion, which means the greatest heat; while the peculiar reverse eccentric movement of the surface cracks the encrustation, breaks clinkers and drops them with other waste, without loss of fuel; and so keeps a continuous clean fire, with adequate air admission as at first. The grate surface is 65 per cent air openings.

Effervescent Columbia

EFFERVESCENT or SPARKLING COLUMBIA is
the pure distilled water charged with Carbonic
Acid Gas and is put up in quarts and pints.

AS A TABLE WATER it is especially wholesome.
When taken with meals it aids digestion, and
creates a healthy appetite.

BEING ENTIRELY FREE from Mineral Matter,
it is soft and agreeable to the taste.
ITS ABSOLUTE PURITY makes it superior to
any other to blend with wines.

Daily National Hotel Reporter. The original hotel paper of the United States. In advance of all competitors. F. W. RICE, Editor and Publisher. No. 7 Monroe Street, East. Corner Michigan Ave.

Established 1880.

THE LEADING GERMAN CATHOLIC WEEKLY OF THE NORTHWEST.

DER WELTBUEGER, a Catholic weekly of established reputation and guaranteed circulation is read not only in thousands of Catholic homes in the city of Chicago, but reaches every town and village of any importance in the state of Illinois and many in all of the great northwestern states.

Its editorial department is conducted by editors of ability and wide experience and its business department is in the hands of energetic, typical Chicago hustlers.

As an advertising medium to reach the great German Catholic population of Chicago and the Northwest, DER WELTBUEGER has yet to find its equal.

Subscription (in advance) per year.....\$1.50

Established 1891.

THE ONLY CATHOLIC SUNDAY PAPER IN THE STATE OF ILLINOIS.

The "KATHOLISCHES SONNTAGSBLATT" is primarily a LOCAL newspaper, though its circulation, like that of "DER WELTBUEGER", extends largely over several states. The "SONNTAGSBLATT", on account of being the ONLY CATHOLIC SUNDAY PAPER IN THE STATE OF ILLINOIS, finds its way into nearly every German Catholic home in Chicago and the state. It is brilliantly edited, publishes the latest news and is in short, a truly metropolitan newspaper. Though young in years it is "getting there" with rapid strides.

If you wish to reach our German Catholic people directly and successfully, advertise in the "KATH. SONNTAGSBLATT."

Subscription (in advance) per year.....\$1.50

Combined subscription for both papers \$2.50 per year in advance.

For advertising rates apply to WM. KUHLMANN, Pub.

Address editorial communications to ARTHUR PREUSS, A. M., M'n'g. Editor.
