RACINE, WIS.

PURCHASERS' GUIDE AND COMMERCIAL REGISTER.

Racine Malleable and Wrought Iron Company,

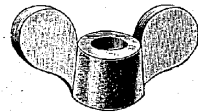

RACINE, WISCONSIN.

Manufacturers of CASTINGS,—all kinds—Malleable, Gray Iron, and Brass. Also Finish Castings, having a full equipped Machine Shop. Also do Nickel Plating, Tinning and Japanning.

Malleable Iron Thumb Screws.

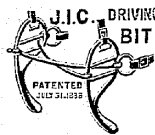

These Thumb Screws are Superior in many respects to the Drop Forged. They are very uniform in size, easy to cut and very strong.

Malleable Iron Thumb Nuts.

The 1-8, 3-16 and 1-4 Nuts have no hole cast in them, but each nut has a large countersink. All larger than 1-4 have holes as shown in cut.

WE ALSO MANUFACTURE HARNESS HARDWARE, ETC.

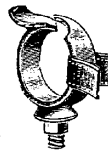

J.I.C. DRIVING BIT

The only Bit made that can be used on a gentle horse or the most vicious horse with equal and entire success. 75,000 sold in 1890. 100,000 sold in 1891.

THEY ARE KING.

Samples mailed X C for \$1.00. Nickel \$1.50, Stallion Bits, Fifty cents extra.

JAY-EYE-SEE

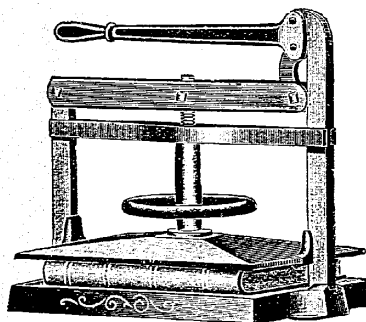

CHECK HOOK.

Any style of check-rein can be used. Nothing to get out of repair. Rein adjusted as easily as with common Hook. Ask your harness dealer to get you one.

THE JAY-EYE-SEE WHIP SOCKET and LINE HOLDER

THE DEVICE IS NOVEL AND NEAT. IT HOLDS THE WHIP FIRM. THE LINES DO NOT GET UNDER THE HORSES' FEET. THEY ARE STRONG AND EASILY PUT ON.

Patented Sept. 24, 1888.

THE RACINE STEEL PRESS.

WE call your kind attention to a few facts about the best Copying Press made. Being made of Steel, it will not break. It is easily adjusted for any size book with the wheel. Use the lever to do the copying. Put your book in and turn the wheel until the lever stands an angle of forty-five degrees over the press, and it's ready for business. Will save its cost every month to you. We have in stock 10x12½, 10x15, 12x17, 15x20 and 17x21, either in Black finish, or Carmine or Nickel.

Some of our Claims are:

Even and stronger pressure and better copies. Press does not move about. A lady can handle it easily. It will not break. Easily and quickly adjusted for any size book.

Send for Prices and Discounts.

THE "Standard" Wide-Cut Mowers!

With Foot Lever for Raising Cutter Bar.

EMERSON, TALCOTT & CO., MANUFACTURERS
ROCKFORD, ILLINOIS.

SEND FOR DESCRIPTIVE CIRCULARS TO

5, 6 AND 7 FT.
CUT.

Guaranteed to Cut from 16 to 20 Acres per day with one man and team.

They Work on Rough Ground Better than an Ordinary Mower will.

Because the Cutter-Bar is not dead weight on the ground, but is carried by the Spring so that it FLOATS over uneven surfaces, and adjusts itself to the inequalities of the ground.

They Save the Farmer Money.

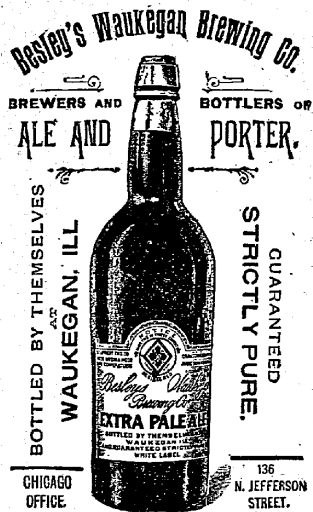

Because with one man and one team they will do nearly as much work in a day as can be done with quite two men and two teams to operate them.

Are GUARANTEED to be as Light Draft as any ordinary Narrow-Cut Mower and free from Side Draft, as the weight of the Cutter-Bar is taken off the ground by our Spring and Goupen-sating Lever, and carried on the drive-wheels, which increases the cutting power.
By the aid of the Spring and Lever, the Cutter-Bar is raised to pass over obstructions more easily than a narrow-cut mower, and the Cutter-Bar tilts easier because the inner, and outer shoes do not press so heavily on the ground, and there is so much less friction to overcome.

ROCKFORD, ILL., situated 86 miles west of Chicago, on Chicago, Dubuque & Sioux City division of I. C. R.R. Depot foot of Lake St. Also on C. & I. division of C. THE Evening Papers are the best Advertising Mediums because they reach the home and are more thoroughly read than the morning papers.

When this fact is realized, and it is, in addition, remembered, that the newspaper which has the largest HOME circulation of any in Chicago is

.... THE

EVENING POST

And that it will not admit into its columns any advertising of a questionable character, it is plain that THE POST is the best advertising medium in Chicago.
